Journal of Systems Management
1989 Article Index

A Manager's Guide To Distributed Data Processing
Raymond G. Crepeau, CSP, and John R. Weitzel, Ph.D. - **September**

A Successful I/S Operation Without An I/S Department
Earnest A. Kallman, Ph.D., and Ralph E. Sanford, Jr. - **August**

Amino Acids: The Future Of Computing In The 1990s?
Ed Leary - **December**

Analyzing The Analyst
Robert A. Fleck, Jr., Ph.D. - **November**

CASE: Clarifying Common Misconceptions
Michael L. Gibson, Ph.D., Charles A. Snyder, Ph.D., and R. Kelly Rainer, Jr., Ph.D. - **May**

CASE Technology Transfer: A Case Study Of Unsuccessful Change
Ronald J. Norman, Ph.D., Gail F. Corbitt, Ph.D., Mark C. Butler, Ph.D., and Donna S. McElroy - **May**

Computer Fraud In Commercial Banks: Management's Perception Of Risk
Leon Price, Ph.D., John S. Cotner, Ph.D., and Warren L. Dickson - **October**

Computer Security: New Managerial Concern For The 1980s And Beyond
Hossein Bidgoli, Ph.D., and Reza Azarmsa, Ed.D - **October**

Conceptual Feedback Effects In Information Systems Design
Sasan Rahmatian, Ph.D. - **October**

Consultant Evaluation And Selection: A Client Perspective
Dennis S. Sirosky - **November**

Control Of Electronic Data Interchange Systems
Daniel M. Norris, Ph.D., and Elaine Waples - **March**

Critical Factors For Systems Success
Robert A. Rademacher, Ph.D. - **June**

Current Usage Of CASE Software
Charles R. Necco, Nancy W. Tsai and Kreg W. Holgeson - **May**

Data Center Guidelines
Mark P. Dangelo - **September**

Decision Support Systems For Small Business
Jatinder N. D. Gupta, Ph.D., and Thomas M. Harris, Ph.D. - **February**

Designing An Integrated Distribution System
Shashi K. Shah, Ph.D. - **August**

Don't Trust The Numbers?
Gerhard Plenert, Ph.D. - **October**

DSS Products Evaluation: An Integrated Framework
Hossein Bidgoli, Ph.D. - **November**

EDI Implementation: A Case Study
Robert A. Payne - **March**

Education And Training For The Adult
Glen Phillips - **April**

Effectively Using Contract/Consulting Services
Frank J. Stanley - **November**

Electronic Authorization - The Next Wave In Automation
Barry Lewis - **March**

End-User Criteria For Selecting Fourth Generation Report Generators
Victor M. Matos, Ph.D., Santosh K. Misra, DBA, and Paul J. Jalics, Ph.D. - **September**

Evolutionary Development Strategy For MIS
John E. Mansuy - **July**

External Technical Marketing For Project Managers
David H. Lehman - **June**

How Are DP/MIS Graduates Doing?
Paul S. Licker and Marilyn Miller - **April**

Implementing CASE Tools
Donald L. Burkhard, Ph.D. - **May**

Improving Usability Of The Relational Algebra Interface
Mohammad Dadashzadeh - **September**

Information Systems Network Architecture
Brad M. Jackson, Charles W. Butler, Gary L. Richardson and Kam-Hoi Cheng - **February**

Integrating Systems
Robert D. Hodge, CSP, CISA - **August**

Integrating Technology To Increase Application Development Productivity
Richard E. Krieg and Martin D. Goslar - **August**

Internal Marketing Of A Management Information System
James E. Trumbly and Danny R. Arnold, Ph.D. - **June**

Is Data Processing A Shepherd Or A Servant?
Robert C. Kranz and Roger Alan Pick, Ph.D. - **October**

IS Spending Survey: Communications Technology Dominate Growth Areas
Diane L. Lockwood, Ph.D., and Marion G. Sobol, Ph.D. - **December**

It Takes A Champion
Houston H. Carr and Jack T. Hogue - **August**

Making The Transition: Systems Analysis To Management
Thomas Ferratt and Frederick A. Starke - **April**

Managing The CASE Environment
Michael R. Danziger and Phillip S. Haynes - **May**

Managing The Systems Project
M.B. Khan and Merle P. Martin - **January**

Managing Very Large System Development Efforts
Richard J. Kuzman - **January**

MIS Education: A 20th Century Disaster
Jerry Yaffe - **April**

Office Automation: Myth Or Reality
Veronica M. Cooper, B.Sc., CSP - **February**

Organizational Of Successful LAN Use
Gerrit K. Janessens and Christophe Boone - **February**

Organizational Structures
Nikitas Assimakopoulos, Ph.D. - **August**

Overseas Employment Opportunities
Herbert Koudry, Ph.D. - **April**

Planning For Project Management
Edward K. Shelmerdine - **January**

Poor Performance Of Videotex Systems
Varun Grover and Rajiv Sabherwal - **June**

Prototyping In IS Design And Development
Michael K. Swift - **July**

Psychology Of The Client-Consultant Relationship
Rolf E. Rogers, Ph.D. - **November**

Putting The Great Information Society In Perspective
Wallace M. Ciepiela - **December**

Quality Software: The Future Of Information Technology
Howard W. Miller, CDP, CSP - **December**

Ramblin' On Two Rs
Agatha Rooney - **June**

Selling Management On The Prototyping Approach
John G. Voltmer - **July**

Software Copying Policies Of The Fortune 500
Susan Athey, Ph.D. - **July**

Successful Project Management: A Force-Field Analysis
John M. Nicholas, Ph.D. - **January**

Systems Analysis Tools - Who's Using Them?
K. Kievit, Ph.D., and M. Martin, Ph.D. - **July**

Systems Investigation In Microcomputer System Development
Mehdi Khosrowpour, CSP, DBA - **April**

Systems Performance Evaluation
David A. Ameen, Ph.D. - **March**

Systems Project Management: A Case Study At The IRS
Harold Kerzner, Ph.D. - **January**

Systems Theory And Local Area Networks
William A. Newman, Ph.D. - **February**

The Case Of The Data Base Expert Extraordinaire
John Burch - **September**

The Case Of The Reluctant EDIer
John Burch - **March**

The Day-One Systems Changeover Tactic
Merle P. Martin, Ph.D. - **October**

The Farmer And The Chicken: A Fable
The Brothers Grim - **November**

Trends In Business Graphics
Ken Griffin, Ph.D. - **June**

Using An Outside Source For Data Conversion
Chris Muller - **September**

Utilizing The Trend Of End User Development
James P. Liu, Ph.D. - **January**

What Are LANs And Do You Really Need One?
Lel F. Somogyi, CSP, CDP - **February**

Editorial

Getting Back To Basics In The Office - **January**
Six More Secrets Of Success In Systems Work - **February**
Consider The Consequences - **March**
The Prophecies Remain Unfulfilled - **April**
The Task Of "Management" - **May**
Quantifiable Standards For The Systems Profession - **June**
Making Change Work - **July**
Some Lessons Are Not Always Obvious - **August**
Basic Information Systems Quality Principles - **September**
What About Licensing Systems Professionals? - **October**
Artificial Intelligence Is Not "Real" - **November**
Some Ideas Sound Better Than They Work - **December**

Management Information Round Table

How To Deal With Expressive People - **January**
Training Is Necessary, Not A Reward - **February**
The Future Of Information Centers - **March**
Supporting The Organization - **April**
Improving The Systems Department's Effectiveness - **May**
Improving A Firm's Communications - **June**
Paper, Paper Everywhere - **July**
Effective Listening - **August**
Overcoming Systems Analysis Boredom - **September**
Looking Out For Trouble - **October**
What's The Best Size And Type Of Organization? - **November**
On What Should The Systems Department Concentrate? - **December**

Looking Into The Future

An Introduction, The Basic Pattern And The Industry Foundation - **January**
Supercomputer Will Soon Revolutionize Business - **February**
Parallelism - **March**
Connectionism - **April**
Object-Oriented Technology - **May**
The Evolution Of Networks - **June**
Connectivity Standards - **July**
Quality And Productivity - **August**
Artificial Realities - **September**
Technology Integration, Agents Of Change, A New IS Culture - **October**
Technology Integration And Culture Change: Part II - **November**
Technology's Impact On Organizations And Their Structures - **December**

Looking Back

Basic Laws And Axioms Pertaining To The Systems World - **January**
Embarrassing Moments - **February**
Strange Things Are Happening - **March**
How To Succeed In Business - **April**
The Dangerous Corporate World In Which We Live - **May**
Foreign Affairs - **June**
The Political Game - **July**
The Psychologist Hurdle - **August**
Education Of A Systems Analyst - **September**
Successful Protoges - **October**
Tragedy Averted - **November**
More Embarrassing Moments - **December**
